New Board Member **At** **Foundation for Community Health**

The Foundation for Community Health is pleased to announce that the Rev. David K. McIntosh, MD, FAAP, a resident of Kent, CT since 2000, has recently joined the Board of Directors.

A native of Florida, Dr. McIntosh received his medical education and specialty training at the University of Miami, School of Medicine, and is board certified in both pediatrics and adult internal medicine. After his studies, he became a member of the faculty at UM's medical school and directed their combined residency program until he moved to Kent to join the medical staff at New Milford Hospital. His responsibilities at this facility included serving as Chairman of the Department of Medicine.

In 2007, he began divinity studies in New York City to prepare for ordination to the Episcopal priesthood. On completion, he was pleased to return to the Litchfield Hills where he currently divides his time practicing medicine and pediatrics in Kent, CT and Pawling, NY, while also serving as Assistant at Trinity Episcopal Church in Torrington, CT.

In community service, he enjoys his volunteer work with Duke University's Alumni Admissions Team where he interviews prospective students from this area and has an opportunity to share in the goals and dreams of talented and motivated young women and men.

Dr. McIntosh's combined vocations will be of tremendous benefit to the Foundation for Community Health's work to improve the health and well being of our community.
