## **New Board Member** **At** **Foundation for Community Health**

The Foundation for Community Health is pleased to announce that Peter H. Gleason of Millerton, New York has recently joined the Board of Directors. His banking and financial expertise is a valuable asset that will help the Foundation to fulfill its mission of investing in people, programs and strategies that improve or maintain the health and well being of the residents living in the greater Harlem Valley in New York and in the northwest hills of Connecticut.

A graduate of Harvard College and Columbia University Graduate School of Business, Mr. Gleason spent most of his professional career with J. P. Morgan as a Managing Director and as a member of the investment committee overseeing the firm's portfolio of private equity investments. During this period, he was also president of the Morgan Community Development Corporation extending credit in order to finance community development initiatives sponsored by non-profit organizations in New York City.

He has served as a Trustee of the Madison Avenue Presbyterian Church in New York City and on numerous Boards of publicly traded companies. He is currently on the Board of the Northeast Dutchess Fund sponsored by the Berkshire Taconic Community Foundation.

A frequent guest in Dutchess County, Mr. Gleason became a resident in 1999 when he built his present house in Millerton. Since then he has become an interested and active member in the community.
